FOR IMMEDIATE RELEASE

MILWAUKEE COUNTY PARKS, WISCONSIN DEPARTMENT OF TOURISM ☐
TO SPONSOR FREE WOMEN'S GOLF CLINIC
Event set for 9-11 a.m., Saturday, September 11 at Noyes Park

MILWAUKEE (Sep. 2, 2004) – The Milwaukee County Parks System and the Wisconsin Department of Tourism will offer a free women's golf clinic next Saturday, September 11, at Noyes Park (8235 W. Good Hope Road) from 9-11 a.m. An extension of the state's popular Golf Wisconsin program, the event will offer women free instruction in putting, chipping and driving from PGA-certified golf pros.

"We're delighted to offer this forum to women who may have an interest in golf but aren't sure how to get started," said Milwaukee County Parks Director Sue Black. "We have courses for all skill levels, from beginner to expert. And there's still time left in the season to get out and enjoy these excellent and affordable courses."

The Golf Wisconsin clinic format was first introduced with great success at a series of youth clinics held throughout the state. The clinic series began with an event headlined by PGA Tour player Skip Kendall at another Milwaukee County Park System facility, Brown Deer, on May 24, 2004.

A maximum of 100 participants are allowed, so interested players are encouraged to sign up now. To register, please contact Doris Schneider at 414-257-8011 or by e-mail at Dschnieder@milwcnty.com. The Executive Women's Golf Association Milwaukee Chapter will also be on hand to speak to participants about its many program offerings.

In the event of bad weather, the clinic will be moved to Currie Park, 3535 N. Mayfair Road, Wauwatosa.
